

COMPONENTS

ONLY BEST TECHNOLOGY

To improve the cutting quality, taking it to a higher and more reliable level, it is necessary for every single component to be of absolute quality. This allows to reach for an unrivaled cutting quality and an unprecedented reliability of the cutting center. For this reason, Han's Laser uses only top quality components from leading manufacturers worldwide.

	GEARBOX CYLINDER VALVES	PARKER/LEGRIS/AIRTAC/HAN'S SMC ETC.
PNEUMATIC COMPONENTS	Proportional cutting gas valve	Lanny/Aventics
MECHANICAL TRANSMISSION SYSTEM	Linear guides	Rexroth / Hiwin
	High precision racks	ATLANTA/Alpha/Gudel
	High precision gearboxes	Alpha / Rexroth
CAPACITATIVE SYSTEM	Servomotors	Rexroth
	Sensor Capacitive system check	HAN'S SMC
ELECTRICAL COMPONENTS	Counters / sensors	Schneider
	Photocell barriers	SICK
	Terminals	Weidmuller
	Catenaries	Igus
